

PETROLEUM STORAGE CERTIFICATE

(A record of the petrol filling station)

1. PETROLEUM ENFORCEMENT AUTHORITY (PEA) AND SITE DETAILS

This certificate has been issued by: **Cumbria County Council** being the PEA for the petrol filling station located at:

Coppins Garage, Waverton, Wigton, Cumbria, CA7 0AE

Petroleum reference number: 200038

Date of renewal fee due: 1st August 2025

2. STORAGE ARRANGEMENTS

The storage arrangements below have been registered with the PEA named in Section 1 of this certificate.

A	General site layout	As in place on renewal dated 1 st August 2020
B	Fuel and vapour containment system, including storage tanks*, pipework and dispensers	As in place on renewal dated 1 st August 2020
C	Spillage containment/drainage systems	As in place on renewal dated 1 st August 2020

* Table 1 provides a record of those tanks registered to store petrol at the site. The tanks may be used to store other vehicle fuels.

Table 1

TANK / COMPARTMENT No.	MAXIMUM WORKING CAPACITY (MWC)(LITRES) ¹
1	48,500
2	19,600

3. PRESCRIBED MATERIAL CHANGES TO STORAGE ARRANGEMENTS

¹ The fee payable to the PEA is based on the MWCs of the tanks in which petrol is stored, not the MWC of the tanks in which petrol may be stored.

Regulation 8 of the Petroleum (Consolidation) Regulations 2014 states that a prescribed material change to the storage arrangements contained in this storage certificate must be notified to the PEA named in Section 1 of this certificate at least 28 days before any work commences. Schedule 1 of the regulations lists prescribed material changes as:

- *The cessation of use of one or more of the petrol storage tanks.*
- *The removal or permanent decommissioning of one or more of the petrol storage tanks.*
- *The installation of any tank, pipeline or vapour pipeline associated with the storage and dispensing of petrol.*
- *The installation of any petrol pump, any other automotive pump, or dispenser in a new location.*

4. PERIOD OF CERTIFICATION

This certificate does not need to be renewed.

- A new certificate will be required following a prescribed material change, as detailed in Schedule 1 of the Petroleum (Consolidation) Regulations 2014.
- This certificate will no longer be valid if the premises cease to be used for the keeping of petrol for a continuous period exceeding 12 months¹.

¹ In practice this means where petrol is not being kept for the purposes of dispensing and therefore the site is not operating as dispensing premises. In these circumstances the site should be made temporarily safe or control measures identified and implemented to maintain the site in a safe condition
